

Boom, Boom, Pow & other Reactions

Children will be blown away (not literally) by how much fun an introduction to Chemistry can be. The camp will use exciting (age appropriate) experiments that will fascinate young scientists as they learn interesting real world applications, and examples of chemical reactions in nature.

Ages 5 to 7 - August 10 to 14  
Ages 8 to 11 - June 29 to July 4 (Closed July 1)

Into the BC Wild

A journey into the most beautiful backyard on the planet; the familiar will fascinate children as they explore our local ecosystems and are introduced to the delicate balance of a Temperate Rain Forest. Daily journeys outside will immerse young minds in the subject as they gain an even greater respect for their home.

Ages 5 to 7 - June 29 to July 4 (Closed July 1)  
Ages 8 to 11 - July 13 to 17

Lego Stop Motion

The Students will bring the stories in their imaginations to life as they learn how to develop story elements and the basics of scriptwriting. They work together as a production team to create an original stop animation film.

Ages 5 to 7 - July 13 to 17  
Ages 8 to 11 - July 20 to 24

Kindi Prep

These full-day programs are a wonderful preparation for Kindergarten; they emphasize social skills and cooperative peer relationships through work and play. Your child will enjoy learning through a series of exciting activities: early math, pre-writing, creative play, nature walks, outdoor games, arts and crafts and daily outdoor physical activity time.

Ages 5 to 7 - August 4 to 7  
Ages 8 to 11 - August 10 to 14

Mythology, Mysteries, and Masks

From the Carnival of Venice to the Gods of Mythology, masks are fascinating parts of cultures around the world. Children will learn about masks from different periods and peoples as they develop stories and masks of the own that reveal pieces of their imagination.

Ages 5 to 7 - July 27 to 31  
Ages 8 to 11 - July 6 to 10

OTP Jr. - (Off the Pipe Jr.)

OTP - OFF THE PIPE - no we're ON THE PATH - OTP Jr is a class for the aspiring mountain bike enthusiast. Students will learn the basics of bike safety and how to navigate the great outdoors. Students will be outside all day breaking for Lunch and snack. Drivers will transport the children back up the hill to do it all over again!

Ages 5 to 7 - June 29 to July 4  
Ages 5 to 7 - July 13 to 17  
Ages 5 to 7 - July 27 to 31  
Ages 5 to 7 - August 4 to 7

**Please Note:**  
**Helmet and mountain bike required.**  
**Rentals available.**

OTP Sr. - (Off the Pipe Sr.)

This is a fun-filled and exciting way of exploring the great outdoors. Riding a winding mountain trail through forests, up and over hills, across streams and make the most of our world class mountain trails, student will focus their attention on each maneuver they make! Each day the group will ride trails, use maps, and explore the area's trail system.

Ages 8 to 11 - July 6 to 10  
Ages 8 to 11 - July 20 to 24  
Ages 8 to 11 - August 10 to 14

**Please Note:**  
**Helmet and mountain bike required.**  
**Rentals available.**

Spa Science

Bath bombs, lotions, make-up and more, young girls will enjoy using scientific secrets to build everyday products. Students will engage in hands-on projects that make Science fun while teaching important lessons. Girls will also explore the history of women in Science, and the potential their own future might hold.

Ages 5 to 7 - June 6 to July 10  
Ages 8 to 11 - July 27 to 31

Robocamp

Lights and Circuits and Electricity...oh my! Children will explore the world of robotics as they build their very own (age appropriate) robot. The camp also includes a look at the history and current events surrounding robots, ensuring that students leave ready to lead us into the 21st century!
